Professional Summary

Results driven professional with a wide range of experience in film and video both in front of and behind the camera in narrative, commercial and broadcast productions as well as multimedia and graphic design. An eclectic skill set including on-camera and voice-over talent, writing, directing, editing and producing. Willing and eager to step into any role in order to assist and or see a project through to its completion. Dedicated and persistent in meeting deadlines and creating quality projects in time sensitive environments.
